Workshops

1. SIGMM Workshop on Social Media

SIGMM Workshop on Social Media is a workshop in conjunction with ACM Multimedia 2009. With the growing of user-centric multimedia applications in the recent years, this workshop focuses on theory, algorithm, and issues related to social media content creation, manipulation, content analysis, storage, search, learning, and mining.

When	October 2009
Paper Submission Deadline	July 8, 2009
Announcement of Decision	July 20, 2009 (~2 weeks after submission)
Format of Submitted Papers	ACM Style Guideline
Length of Submitted Papers	8 Pages (additional pages can be approved)
Acceptance Rate	N/A
Number of Paper Accepted	N/A
Number of Track	1
Number of Days of the Main Conference	1 Days
Quality Rating	7/10
Impact Rating	4/10

2. ACM Workshop on Multimedia and Security

ACM Workshop on Multimedia and Security first started back in 1998 and has become a forum for new research in areas including steganography, watermarking and DRM, multimedia forensics, biometrics and multimedia signal processing.

When	September
Paper Submission Deadline	April-May
Announcement of Decision	June (~1 month after submission)
Format of Submitted Papers	ACM Style Guideline
Length of Submitted Papers	10 pages for long, 6 pages for short
Acceptance Rate	N/A
Number of Paper Accepted	N/A
Number of Track	1
Number of Days of the Main Conference	2 Days
Quality Rating	9/10
Impact Rating	8/10

Conferences

1. Multimedia Computing and Networking (MMCN)

MMCN is an annual conference focuses specifically on multimedia. Topics discussed during the conference include but not limited to: multimedia networking, measurement and modeling, multimedia system, case studies and applications.

When	January
Paper Submission Deadline	July
Announcement of Decision	August (1 month after submission)
Format of Submitted Papers	PDF format; SPIE Specifications
Length of Submitted Papers	12 Pages for long; 8 pages for short
Acceptance Rate	19%- 27%
Number of Paper Accepted	17-24 including short
Number of Track	1
Number of Days of the Main Conference	2 Days
Workshops	No
Quality Rating	7/10
Impact Rating	7/10

2. ACM International Conference on Multimedia

ACM Multimedia is a multimedia conference that holds annually. All aspects of multimedia are covered in this annual conference, from underlying technologies to applications and from theory to practice.

When	~October
Paper Submission Deadline	April
Announcement of Decision	June-July (~2 months after submission)
Format of Submitted Papers	ACM Standard
Length of Submitted Papers	10 Pages for long; 4 pages for short
Acceptance Rate	15%-18%
Number of Paper Accepted	36-55
Number of Track	3
Number of Days of the Main Conference	5
Workshops	Multimedia Information Retrieval, SIGMM Workshop on Social Media, Multimedia for Human Communication...
Quality Rating	10/10
Impact Rating	10/10

3. IEEE International Conference on Multimedia & Expo (IEEE ICME)

IEEE ICME is co-sponsored by 4 IEEE societies: the Computer Society, the Signal Processing Society, the Circuits and Systems Society, and the Communications Society. It targets specifically on multimedia and topics discussed include research, development, technologies, applications, and implementations of systems.

When	June-July
Paper Submission Deadline	January
Announcement of Decision	March (2 months after submission)
Format of Submitted Papers	ICME Paper Kit
Length of Submitted Papers	4 Pages
Acceptance Rate	15%-22%
Number of Paper Accepted	17-24
Number of Track	N/A
Number of Days of the Main Conference	3
Workshops	Internet Multimedia Search & Mining; Community driven Mobile Multimedia; Multimedia Security & Content Protection…
Quality Rating	6/10
Impact Rating	6/10

Journals

1. ## INFOCOMP Journal of Computer Science

   INFOCOMP is an international journal on computer science that covers a broad area of interest including multimedia.

When	Quarterly: March, June, September & December
Paper Submission Deadline	No Specific Deadline
Announcement of Decision	No Specific Date
Format of Submitted Papers	PDF or PostScript format
Length of Submitted Papers	10 Pages > 10 Pages may be accepted after review
Acceptance Rate	N/A
Number of Paper Accepted	N/A
Number of Track	N/A
Quality Rating	6/10
Impact Rating	6/10 (Australia CORE Ranking 2008: C)

2. ## Multimedia Tools and Applications

   "Multimedia Tools and Applications" is a journal that focuses specifically on multimedia system research, design and applications. The journal publishes original research articles on multimedia as well as case studies of multimedia applications.

When	4-5 Volume / Year
Paper Submission Deadline	General Issues: No Specific date Special Issues: Various between issues
Announcement of Decision	~ 3 months after submission deadline
Format of Submitted Papers	Word, TXT, RFT, and etc
Length of Submitted Papers	20 Pages
Acceptance Rate	N/A
Number of Paper Accepted	N/A
Number of Track	N/A
Quality Rating	5/10
Impact Rating	4/10 (Impact Factor: 0.63; Top 42.83%)

3. Journal of Multimedia

"Journal of Multimedia" is an international journal that focuses specifically on multimedia, areas covered including theories, methods, algorithms, and applications in multimedia.

When	Bimonthly
Paper Submission Deadline	No Specific Deadline
Announcement of Decision	~ 3 months after submission
Format of Submitted Papers	PDF format
Length of Submitted Papers	14 Pages
Acceptance Rate	N/A
Number of Paper Accepted	~8 per issue; ~50 per year
Number of Track	N/A
Quality Rating	7/10
Impact Rating	5/10

4. Multimedia Systems

"Multimedia Systems" is specifically geared to all areas of multimedia computing. The journal details new research ideas, emerging technologies, methods and tools, storage, applications, and etc.

When	~1-2 Volume / Year
Paper Submission Deadline	No Specific Deadline
Announcement of Decision	~ 6 months after submission
Format of Submitted Papers	PDF format
Length of Submitted Papers	14 Pages
Acceptance Rate	N/A
Number of Paper Accepted	N/A
Number of Track	N/A
Quality Rating	8/10
Impact Rating	9/10 (Impact Factor: 0.679, 2008)
