Journals

Computer Communications
- Peer-reviewed international journal that publishes high-quality scientific articles
- Special attention to the evolution of the Internet architecture, protocols, services, and applications
- Pretty broad specter of topics. Examples: Green networking, QoS and multimedia networking, mobile and ubiquitous networks, complex network models, ++
- Dates and deadlines
  - Submission deadline: January 15, 2010
  - Acceptance notification: March 1, 2010
  - Final papers: April 1, 2010
  - Publication: Spring 2010

Journal of Multimedia (JMM)
- Scholarly peer-reviewed international scientific journal published bimonthly
- Covers the breadth of research in multimedia technology and applications
- Topics:
  - MM Signal Processing
  - MM Content Understanding
  - MM Interface and Interaction
  - MM Databases and File Systems
  - MM Communications and Networking
  - MM Systems and Devices
  - MM Applications
- 5-8 articles in each topic in 2008

Workshops

Future Multimedia Workshop (FMN)
- Discusses state-of-the-art research and developing activities contributing to aspects of multimedia systems, content networking, and autonomous communication
- Broad specter: Audio-visual, multicast and broadcast, resource reservation, grid networking for MM services ++
- May submit full (main workshop) or short papers (poster/demonstration).
    - Full: max 5000 words, cover page must contain an abstract of about 150 words, 3-5 keywords
    - Short: 2500 words, cover page must contain an abstract of about 150 words, 3-5 keywords
- Dates and deadlines (for 2009)
    - Full paper submission date: January 31, 2009
    - Short paper submission date: February 20, 2009
    - Acceptance notification: March 17, 2009
    - Camera ready: April 14, 2009

IEEE CQR International Workshop
- Industry and academic experts to present and discuss communications quality, reliability and security issues
- Dates and deadlines
    - Paper submission date: January 12, 2010
    - Acceptance notification: March 15, 2010
    - Time of event: June 8-10, 2010
- Place: Vancouver, Canada
- Also broad specter. Topics base in communications

Multimedia Network Systems and Applications (MNSA)
- Dates and deadlines
    - Submission date: December 31, 2009
    - Acceptance notification: February 15, 2010
    - Camera ready papers: March 15, 2010
    - Time of event: June 21-25, 2010
- Place: Genoa, Italy
- Topics:
    - MM computing
    - MM networking
    - MM applications
- About 8 pages including figures and references, using 10 font size, two columns, single-spaced, about 200-250 word abstract, and five keywords.

Conferences

SIGMM Award for Outstanding PhD Thesis in Multimedia Computing, Communications and Applications

- Topics:
  - Multimedia processing
  - Multimedia systems
  - Multimedia network protocols and services
  - Multimedia applications and interfaces
- Judged by innovative ideas and potential impact resulting from their PhD work
- Dates and deadlines
  - Time of conference: TBA?
  - Submission deadline: January 30, 2010
  - Announcement of paper decisions: July 30, 2010

SIGMM Award for Outstanding Technical Contributions to Multimedia Computing, Communications and Applications

- Topics:
  - Multimedia processing
  - Multimedia systems
  - Multimedia network protocols and services
  - Multimedia applications and interfaces
- Dates and deadlines
  - Time of conference: TBA? In 2009, it was held in October in Beijing, China
  - Submission deadline: May 1, 2010
  - Announcement of paper decisions: June 30, 2010

MMSys

- Will be replacing MMCN (Multimedia Computing and Networking) from 2010
- Topics: Networking, operating systems, databases and real-time systems where MM apps are a driving problem
- Dates and deadlines
  - Time of conference: February 22-23, 2010
  - Submission deadline: September 15, 2009
  - Announcement of paper decisions: TBA?
- Uses the traditional 10-page ACM format

MMEDIA

- Dates and deadlines
  - Submission deadline: January 30, 2010
  - Notification: March 12, 2010
  - Registration: March 26, 2010
  - Camera ready: March 31, 2010

- Aims to provide an international forum, presenting recent research results, and discussion on future challenges
- Submissions
  - 6-8 slides
