

CS 50: PROJECT PRESENTATION

TEAM:

1. Evaluate others as you would have others evaluate you: gently, respectfully, constructively.
2. For each statement below, please indicate whether that aspect of the presentation was:

E Exemplary

A Adequate

M Minimal

U Unsatisfactory

- I was persuaded to embrace the project vision: It is worth doing.
- Key use cases were presented or demonstrated.
- Key technical issues were identified clearly.
- Key architectural aspects were identified clearly, addressing each key technical issue.
- Key architectural aspects and/or classes were shown to fit together cleanly.
- The English was correct. The pronunciation was correct. All speakers could be heard.
- Visual aids clarified the presentation.
- Each team member presented for approximately the same amount of time.
- The presentation finished on time and was complete.
