Open Assistant Project Scientist Position

The Department of Computer Science at the University of California, Santa Barbara invites applications for an Assistant Project Scientist to be part of research team in the areas of graph mining and machine learning with Professor Ambuj Singh.

The Assistant Project Scientist will work on research projects related to graphs and develop methods in data mining and machine learning. Projects are typically funded through federal grants. The position will range between 50% to 100% time.

Starting Annual Salary: $72,300.00

Basic qualifications: The minimum qualifications required to be an applicant are a PhD degree in Computer Science.

Additional qualifications: Prior experience demonstrating significant, original, and creative contributions to a research project in the field of graph mining and machine learning.

To apply, please go to https://recruit.ap.ucsb.edu/apply/JPF00723

Applicants should submit a current Curriculum Vitae and contact information for 3 references.

Apply by May 20, 2016.

The Department is especially interested in candidates who can contribute to the diversity and excellence of the academic community through research, teaching and service.

“The University of California is an Equal Opportunity/Affirmative Action Employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability status, protected veteran status, or any other characteristic protected by law.”
